Robert Eiben  
Dedham Westwood Water District  
50 Elm Street  
Dedham, MA 02026

Dear Mr. Eiben;

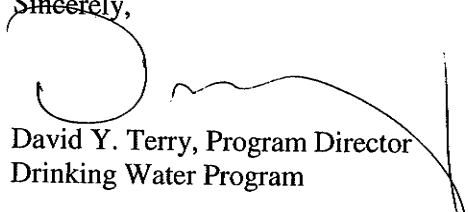

The Department of Environmental Protection's Drinking Water Program is pleased to announce that the Dedham Westwood Water District has won a Public Water System Award for excellence for calendar year 2006. It is an honor to have placed in the top five percent of public water systems in the Commonwealth.

The Department recognizes the effort and dedication that the Dedham Westwood Water District has manifested over the past year in complying with the ever-evolving federal and state requirements. The Department also recognizes that your system has performed many non-regulatory activities to help promote quality drinking water. It is the Department's belief that public water systems going above and beyond what is required to supply quality drinking water should be recognized for their endeavors.

Please join us on May 10, 2007 in the Student Union Ballroom at the University of Massachusetts in Amherst where you will be presented with your award. If you have any questions regarding the Awards Program, please call Marie Tennant at 617-292-5885 or email at [Marie.Tennant-DEP@state.ma.us](mailto:Marie.Tennant-DEP@state.ma.us).

The Department encourages you to continue to carry out your work on protecting and supplying safe and fit water to our communities. Congratulations!

Sincerely,

David Y. Terry, Program Director  
Drinking Water Program
