**General Discussion**

Discussion around the automation of Bridge Street and the water district as a whole was generally discussed. It was determined that a baseline comparison of other similar facilities in Massachusetts should be performed. This will help to assess how other systems of a similar makeup to DWWD are running their operations and whether they are automated or not.

At 7:15 the meeting was adjourned on a motion by Mr. Lexander and seconded by Mr. Merithew. By roll call vote, meeting adjournment was unanimous.
